

The Mercedes-Benz

# EQC

Electric  
Intelligence

# Electric Intelligence by Mercedes-Benz. Collectively shaping the future with the EQ.

- + A century of Mercedes-Benz engineering expertise has culminated into “Electric Intelligence” with EQ
- + EQ is not only a brand, but also an attitude towards the future
- + It represents intelligent electromobility and the two Mercedes-Benz brand values - “emotion and intelligence”

*\*Please read the disclaimer.*

# Mercedes-Benz sustainability with the EQ.

- + More than an electric drivetrain
- + Creation of ‘sustainable luxury’ with bold, groundbreaking and human-centric innovations
- + A more responsible brand to help better the environment
- + With the Laureus movement, we launched an initiative that aims to change the game for kids.

*\*Please read the disclaimer.*

# A true Mercedes.

## Electric driving at its finest.

- + Pioneering mobility is written all over the face of the new EQC.
- + Exterior elements such as the headlamps and the radiator grille have a fascinating black-panel.
- + Progressive interiors such as the trim elements, upholstery and colours were developed exclusively for the EQC to define its uniqueness.

*\*Please read the disclaimer.*

# Even more alluring in the EQC: the Mercedes-Benz User Experience.

- + Using natural speech or intuitive touch control, the MBUX offers users maximum freedom for controlling all functions.
- + The media display in the new EQC is designed as a touchscreen, while the centre console includes an integral touchpad that responds to single and multiple-finger gestures as well as handwriting.

*\*Please read the disclaimer.*

Something special. On every trip, from any angle.  
With the **Fit & Healthy** features.

The new EQC is a thoughtful companion through your journey with its Fit & Healthy features that understand, motivate and guide to keep you in the prime of your health while driving.

- + ENERGIZING Package
- + Ambient lighting with 64 colours
- + Cruise Control
- + THERMOTRONIC 3-Zone automatic climate control and integral fine particulate activated charcoal filter
- + Advanced sound system
- + Electrically adjustable seats with Memory function and Lumbar support.

*\*Please read the disclaimer.*

# Charge with the Mercedes-Benz Wallbox.

- + Fully charge the EQC while relaxing on the sofa – the Mercedes-Benz Wallbox Home makes it possible.
- + With a charging capacity of 7.4 kW you can charge the EQC up to three times quicker than at a conventional household socket.
- + It would be installed at your preferred location at home.
- + When on road, you could also charge the EQC at the dealerships.

*\*Please read the disclaimer.*

# Electric Drivetrain

- + An electric motor on each of the axles converts electrical energy into mechanical energy for impressive forward thrust.
- + The intelligent operating strategy of the drive components, the system output of 300 kW (408 hp) is always available when needed – for efficient and practically silent operation.
- + The electric drivetrains have different configurations to reduce electrical consumption and boost dynamism: the front electric motor is optimised to provide maximum efficiency in low to medium load ranges, while its rear counterpart determines the dynamism.

+ - + - + - + - + -

*\*Please read the disclaimer.*

# Battery technology

The EQC's high-voltage lithium-ion battery is the central energy store for the electric drive. Both the range and the performance of the electric drive are directly dependent on the capabilities of the battery.

- + High power-to-size ratio with a nominal capacity of approx. 210 Ah and a usable energy content of approx. 76.4 kWh
- + Modular system design with two modules of 48 cells and four modules of 72 cells for a compact design
- + High maximum voltage of approx. 408 V

*\*Please read the disclaimer.*

*The Li-ion battery disposal cost at actuals may be charged as per the law and regulations in force at the time of disposal of battery.*

- + Optimum operating temperature of the batteries is ensured by liquid cooling – at low temperatures battery heating (PTC) ensures that the best performance and efficient range is maintained
- + Cooling circuit takes care of both cooling of the batteries as well as the interior
- + Installation in the underbody for a dynamically favourable, low overall vehicle centre of gravity
- + Protection against possible damage thanks to mounting management with housing covers and also incorporation into the crash concept

*\*Please read the disclaimer.*

# MULTIBEAM LED Headlamps

- + The standard MULTIBEAM LED headlamps with its inner housing in high-gloss black, blue trim lines has a distinctive light design.
- + At night it really catches the eye and draws attention.

# Adaptive Highbeam Assist Plus

- + Adaptive Highbeam Assist Plus motto – see very far, don't dazzle
- + Permanent main beam - virtually turns night into day and relieves the strain.
- + It spares oncoming traffic or vehicles in front with highly precise LEDs: you do not have to keep on changing over to low-beam headlamps.

# Mirror package

- + Electrically folding exterior mirrors with an operating button in the control panel of the driver's door
- + Automatic lowering of the front passenger mirror glass to the parking position when reverse gear is selected
- + Automatically dimming exterior mirror on the driver's side and the rear-view mirror
- + Ambient lighting of the exterior mirror to illuminate the access area

*\*Please read the disclaimer.*

# Electric Sliding Glass Sunroof

- + It allows more light and air into your vehicle
- + Lends a brighter ambience to the interior
- + A movable roof liner gives additional protection from the sun

# Aluminium-look Running Boards With Rubber Studs

- + Ease and convenience - The aerodynamically optimised anti-slip rubber studs mounted on the side at the height of the side skirts.

*\*Please read the disclaimer.*

# Standard Exterior Highlights

- + Black-panel radiator grille with louvres and surround in chrome
- + MULTIBEAM LED and LED light bands at the front and rear
- + Front apron and side sill panels in black
- + 50.8 cm (20-inch) 10-spoke light-alloy wheels, painted in high-gloss black with energy blue decorative elements and a highsheen finish
- + Badge on the wing in high-gloss black with chrome stripes and blue “EQC” lettering

*\*Please read the disclaimer.*

# Standard Interior Highlights

- + Front seats upholstered in black Aberdeen fabric with graphite topstitching
- + Multifunction sports steering wheel in leather with spokes and controls in high-gloss black
- + Dashboard with fine surface structure in metallic silver grey. Beltline with finely structured surface
- + Widescreen Cockpit with fully digital instrument display, media display and touchpad
- + MBUX multimedia system with hard-disc navigation, extended MBUX functions and MBUX Interior Assistant

*\*Please read the disclaimer.*

# Hey Mercedes

## MBUX features in the EQC

### Voice Control

- + “Hey Mercedes.” This is how you launch the natural voice control.
- + It responds to almost every word and can even process indirect speech.
- + In the EQC, you can also use the voice control to programme charging. You could say “charge to 85 percent” or even ask about the range.

*\*Please read the disclaimer.*

# Touch Control Concept

- + MBUX offers you maximum freedom to control numerous functions in the way that is most comfortable for you.
- + The multimedia touchscreen display and integral touchpad in the centre console responds to single and multi-finger gestures.
- + Use of touch control buttons on the steering wheel so you don't have to take your hands off the wheel.

# Display Styles

- + You can arrange and design the displays in the instrument cluster according to your own personal tastes.
- + There are three display styles available for visual appearance: modern classic, sport and electric art with informative colour changes.

*\*Please read the disclaimer.*

## ENERGIZING Package

The ENERGIZING package is a new feature – it offers you comfort for all the senses. Your Mercedes can vitalise you in a targeted manner for prolonged alertness at the wheel and a very pleasant drive.

### + ENERGIZING comfort programmes

- Refresh
- Vitality
- Training
- 3-minute audio information tips to relax your muscles.

### + ENERGIZING COACH

- Front seat heating
- AIR-BALANCE package for fragrancing, ionisation and filtering of the interior air
- Ambient lighting with programme-specific lighting moods

# Electric Art interior

Redefine the ambience with innovative design concept.

- + Dashboard with fine surface texture in metallic silver grey and topstitching in rosé gold
- + Other topstitching in rosé gold such as on the armrest in the centre console, the door panelling in the front or the defrost area between the dashboard and windscreen
- + Trim elements in an aluminum look
- + Multifunction sports steering wheel in leather with steering wheel spokes in chrome, control panels in high-gloss black with controls in chrome
- + Door pins in chrome

*\*Please read the disclaimer.*

# Electric Art interior

Redefine the ambience with innovative design concept.

- + Upholstery in ARTICO man-made leather / Sunnyvale fabric in silk beige / black with topstitching in rosé gold
- + Upholstery in ARTICO man-made leather / Sunnyvale fabric in indigo blue / black with topstitching in rosé gold
- + Beltlines with fine surface texture, in black or blue depending on upholstery, with topstitching in rosé gold or mid grey

*\*Please read the disclaimer.*

# Multicontour Seat Package

- + The Multicontour Seat Package adjusts the seat with more or less air in the seat side bolsters like a tailor-made suit.
- + Inflatable chambers in turn create a massage effect in the lumbar area.
- + Multicontour seats with inflatable air chambers in the lower backrest and in the side bolsters, this improves lateral support for sporty driving manoeuvres.
- + Electrically adjustable lumbar support provides additional support for the spine.

*\*Please read the disclaimer.*

## Wireless charging system

- + Your smartphone can be fixed in place in the oddments tray where it is charged wirelessly.
- + Irrespective of the model and brand, compatible smartphones are charged wirelessly.

## Smartphone Integration

- + Smartphone integration links the mobile phone with the media system via Apple® CarPlay® and Android Auto® giving you convenient access to applications of your smartphone.

+ You can also use apps from third party service providers such as Spotify quickly and easily.

## Leather multifunction sports steering wheel

- + The elegant leather lining gives the multifunction sports steering wheel an even higher quality look.
- + As the driver, you enjoy a double benefit: what looks good must also feel good.

## Cruise control

- + Enjoy relaxed, fuel-efficient motoring on longer journeys in particular.
- + You can preselect your desired speed and your vehicle takes over control of the speed.
- + The limiter helps you to observe a maximum speed and ensures road safety.

## THERMOTRONIC 3-Zone automatic climate control

- + The 3 climate zones and 3 climate styles provides an individual feel-good atmosphere on board.
- + The driver and front passenger are able to set the temperature, air distribution and climate style to suit their personal needs.
- + The third climate zone is in the rear – with separately adjustable temperature and airflow.

*\*Please read the disclaimer.*

## Touchpad

- + Operates the display of the infotainment system as you would on a smartphone.
- + Shift or enlarge the content quite simply with single gestures.
- + The touchpad recognises your handwriting should you wish to enter addresses or phone numbers

*\*Please read the disclaimer.*

## Power front right seat with memory function

- + The incorporated Memory function is particularly practical if you have a regular front passenger or you yourself often take to the front passenger seat.

## Driver's seat, electrically adjustable with memory function

- + Comfortable and individual adjustment of the seating position and head restraint is made possible by the electrically adjustable driver's seat.
- + The included memory function is particularly useful if different drivers use your vehicle and the seat adjustments are changed frequently.

## Burmester® surround sound system

- + The high-performance speakers develop first-class surround sound.
- + You can specifically optimise this for the front and rear seats to intensify the listening experience.

## Heat and noise-insulating acoustic glass

- + The glass for the front side windows provides you with even greater noise comfort.
- + Thanks to reduced background noise, you can enjoy an even quieter ambience on your journey – while on the other music lovers can benefit from enhanced listening pleasure.

## AIR-BALANCE package

The ionisation and filtering of the outside and interior air, helps to ensure improved air quality and a greater sense of well-being and provides an individual personalised fragrance in the interior.

- + Fragrance generator with filled fragrance flask and function cap in the glove compartment
- + Oxygen ioniser in the side air duct
- + Improved filter system between the air conditioner's intake and air distribution system

## 4-way lumbar support

- + The 4-way lumbar support is a small detail which has a big impact.
- + It adjusts the seat contour to your lumbar area and provides support.
- + Four settings are possible: higher, lower weaker or stronger.

*\*Please read the disclaimer.*

## Preinstallation for entertainment and comfort features

- + It allows you to easily connect a variety of equipments and accessory products.
- + The system attaches to the backrests of the front seats and features an integral power supply – for undisturbed entertainment on longer journeys.

## Roller sunblinds

- + The manual pull-out roller sunblinds protect against direct, bright sunlight in summer and when the sun is low in the sky.
- + It still remains possible to see out of the rear windows – for a pleasant and eventful journey.

*\*Please read the disclaimer.*

# Stowage Space package

It provides stowage and securing options for the interior and beneath the luggage compartment floor. The luggage compartment becomes a mini source of power: on board is a 12 V socket and twin USB charging ports.

- + Collapsible crate under load compartment floor
- + 12 V socket on the left of the luggage compartment
- + Map pockets on the backs of the front seats
- + Stowage compartment under load compartment floor lockable
- + Twin USB charging ports in the rear (Type C)

*\*Please read the disclaimer.*

## EASY-PACK load compartment cover

- + It comprises of a retractable cover which is fitted behind the rear seats.
- + You can remove this at any time and store it in the compartment provided beneath the load compartment floor.

## Acoustic ambient protection

- + So that your vehicle does not pose a danger to pedestrians and cyclists when driving in virtually silent all-electric mode, the acoustic environmental protection generates a specific Mercedes-Benz sound outside of the vehicle up to a speed of 30 km/h.

*\*Please read the disclaimer.*

## Velour floor mats

- + They are finished in black and feature elegant topstitching in the respective appointments colour.
- + They protect the footwell against dirt and can be removed easily to be hoovered or cleaned.

## Door sill panels with model series-specific lettering, illuminated

- + The high-quality stainless steel sill panels are illuminated with striking model series-specific lettering enhancing your getting in and getting out experience.
- + This is coloured in blue and thus supplements the host of specific exterior features which are also in this colour.

## KEYLESS-GO Comfort package

- + You can start and lock your vehicle simply by having the key on your person.
- + The HANDS-FREE ACCESS function allows contactless, fully automatic opening and closing of the luggage compartment.
- + KEYLESS-GO access and drive authorisation system
- + Door handles with chrome inserts

## EASY-PACK tailgate

- + Extremely practical: the EASY-PACK tailgate can be opened and closed electrically and makes loading and unloading the boot even more convenient.
- + You can start the opening and closing process very conveniently at the press of a button and interrupt it at any time by pressing the button again.

## Media Interface cable kit

- + The direct link to your data: with the practical cable kit you can connect your devices with USB or Lightning port to your vehicle's multimedia system via a universal interface.
- + Simply connect your smartphone or tablet via cable and access the required content.

## Plug-in module for luggage compartment (telescopic rods)

- + You can divide up the luggage compartment of your vehicle flexibly so as to stow your luggage.
- + Fragile items and sensitive objects can thus be transported more safely.

# Emergency spare wheel

- + The narrow emergency wheel is lightweight and makes changing a tyre in the event of a breakdown simple.
- + This enables you to reach the next service station even in the event of more significant tyre damage which it may not be possible to repair with TIREFIT tyre sealant.

# TIREFIT

- + Damage caused by driving over nails or glass fragments can be sealed by means of the sealant blown in via the air compressor.
- + As a result you can continue to drive to the nearest workshop at up to 80 km/h.

# Tyre-change toolkit

- + Changing a wheel is much simpler thanks to the tyre-change tool kit, which makes removing wheel nuts a quick and simple task.

# Mercedes me connect

Stay in touch with your vehicles from anywhere in the world, and obtain assistance at the touch of a button.

## Vehicle Monitoring

- + Locates and directs you to your parked vehicle within a radius of 1.5 km.
- + You can get your vehicle's geocoordinates sent by GPS.
- + Receives alert notifications if the vehicle exceeds the set speed.

## Vehicle Set-up

- + Receives traffic information in real time and optimises dynamic route guidance.

# Navigation Connectivity Package

- + The hard disc navigation makes sure that you always reach your destination as quickly as possible by the best route.

# Mercedes-Benz Emergency Call System

- + In case of an accident, a communications module with its own SIM card automatically triggers an emergency call.

*\*Please read the disclaimer.*

## Parking Package with 360-degree camera

- + Active Parking Assist with 360° camera makes it easier for you to find a parking space and to manoeuvre into and out of parking spaces.
- + The all-round visibility helps you have your vehicle parked stress-free.

## Active Parking Assist with PARKTRONIC

- + It not only finds parking spaces but also helps you to enter and leave them.
- + As part of this it helps you with steering, and on vehicles with automatic transmission also with accelerating, braking and changing gear.

## Anti-Theft Protection package with preinstallation for collision detection

It gives an audible and visual warning when it detects a break-in or an attempted theft.

- + Anti-theft alarm system
- + Interior monitoring system (triggered when there is movement in the interior)

## PRE-SAFE® system

- + Makes use of the time prior to an impending accident on your behalf.
- + The innovative PRE-SAFE® Sound generates a noise from the speakers which is able to trigger a protective reflex: your hearing briefly disconnects, thus protecting itself from the loud noises of the crash.

## Sidebags in rear

- + The side airbags in the rear protect the chest area on the outer rear seats in the event of a severe side impact.
- + Together with the standard windowbags you therefore have optimum safety potential for preventing or lessening injuries.
- + The air cushions slide between the side of the door and the occupant.

# Kneebag

- + The kneebag protects your legs from contact with the steering column or the dashboard in a severe frontal crash.
- + This can prevent or lessen the severity of injuries.
- + The air cushion inflates in milliseconds and stabilises the whole body.
- + This ensures that the entire restraint system including the seat belt work together optimally.
